**Re: Highway Runoff Manual Equivalency Review**

Dear Ms. White: *MEGAN*

The Department of Ecology has completed its review of your June 2008 Highway Runoff Manual and finds that it meets minimum design requirements and best management practices equivalent to those in Ecology's current Stormwater Management Manuals.

This project has been a significant effort. Thank you for your hard work and congratulations on a job well done.

If you have any questions concerning this equivalency review, please contact Ed O'Brien at 360/407-6438.

Sincerely,
